

Student Name _____

First Grade

Dear Parents,

We are looking forward to the privilege of teaching your child in first grade next year. We have heard great things about the growth that they made in kindergarten and want to help them maintain that growth during the summer. The “summer slide” or summer learning loss has been an issue schools and educational experts have been concerned about for a while. We want our students to enjoy their summer while at the same time continuing to hold on to the progress that they made during the school year. In hopes of helping your child, we have come up with several activities to complete over the summer.

- A calendar is attached to record the books that are read over the summer. Recording on a calendar helps you and your child see the progress that is being made.
- There are also several activities listed on the calendar for your child to practice and complete. Please turn in the written activities with your calendar.
- A list of kindergarten sight words is attached for your review.
- There are also many apps that can be helpful for skill practice.
 - Freckle Math – Your child will use the login provided by their Kindergarten teacher.
 - Starfall
 - ABCya
 - Epic!

The calendar and written work should be turned in by Friday, August 13th. Have a wonderful Summer. We can't wait to meet you in August!

God Bless,
First Grade Teachers
